Bobbi Kristina “IN GOD’S HANDS NOW”

THREE YEARS AFTER WHITNEY’S DEATH, HER FAMILY PREPARES TO SAY GOOD-BYE TO BOBBI KRISTINA — AND VOWS TO GET JUSTICE.

SIX months after she was found unconscious and facedown in a bathtub at her Atlanta-area home, the story of **Bobbi Kristina Brown** took a tragic turn for the worse when she was recently taken off life support. The 22-year-old daughter of **Bobby Brown** and the late Whitney Houston suffered irreversible brain damage after the mysterious event and has been in a medically induced coma since the nightmare began on Jan. 31.

“Despite the great medical care at numerous facilities, Bobbi’s condition has continued to deteriorate,” says Bobbi Kristina’s aunt **Pat Houston**. “She has been moved into hospice care. We thank everyone for their support and prayers. She’s in God’s hands now.”

But while Bobbi Kristina’s life is drawing to a close, a shocking new lawsuit is opening the door to more drama for the beleaguered Houston family. The suit, filed by Bobbi’s conservator, **Bedelia Hargrove**, claims Bobbi’s boyfriend, **Nick Gordon**, 25, dragged her upstairs by the hair, punched her in the face and knocked her teeth out just hours before she was discovered unresponsive in the bathroom. The document also alleges Gordon withdrew \$11,000 of her money while she was comatose. The suit is seeking at least \$40 million in damages from Gordon — and while no criminal charges have been filed, the Fulton County DA is now “reviewing the case with greater interest” in light of Bobbi Kristina’s imminent death. ★

Sadly, Bobbi Kristina was expected to pass away within days of moving to hospice care on June 25.

UNDER FIRE

Nick Gordon is being sued by Bobbi Kristina’s family for \$40 million — and could still face criminal charges.

EXCLUSIVE: NICK GORDON’S BROTHER, JACK WALKER, TALKS TO STAR

Aspiring rapper Jack Walker, 23.

How is Nick doing?

He’s good, he’s going to be OK. He shut his Twitter down so trolls and people wouldn’t drive him to suicide.

Explain Bobbi Kristina’s missing money.

The \$11,000 Nick transferred paid for his 10 lawyers. He didn’t just steal it;

Whitney left them both money, and he and Krissi had a joint account.

How much is in the trust fund?

Nick said it was a couple hundred thousand dollars. That’s what he told me.

What about the murder allegations?

He’s not responding because they’re just that, allegations. It’s not true.

Did Nick ever hit Kristina?

No, Nick hasn’t hit her. They didn’t fight as far as I know, and he didn’t keep her from her family.

What about the claims that he dragged her by the hair and knocked her teeth out?

That’s all bulls**t. If that was true, the cops would have noticed visible injuries on Nick’s hands. He had none. Krissi lost some teeth a week prior to the incident when she totaled her Lexus.

Is Nick feuding with the whole family?

No, the whole family is feuding with him! They feel like Nick is up to no good. ★

JEN'S

BEN'S SECRET BACHELOR PAD

AS HIS MARRIAGE DISINTEGRATES, STAR LEARNS THAT BEN AFFLECK HAS BEEN RENTING A PERSONAL HIDEOUT FOR AT LEAST A YEAR.

In a twist straight out of his hit flick *Gone Girl*, **Ben Affleck** has been living a double life, keeping a party pad to use whenever he wants absolute privacy — and his wife, **Jennifer Garner**, has no idea it exists.

“He goes there when Jennifer is out of town,” says a source. While cracks in their marriage have only just come to light in recent weeks, Ben has been using the apartment as a refuge for more than a year. Eyewitnesses have seen him coming and going “at least half a dozen times” in the past 12 months. And the luxury apartment block is situated in Brentwood, less than five miles from the Pacific Palisades

home he lives in with his family.

“He has to be hiding this property really well, because rent on the penthouse in the building is \$6,000 a month,” says the insider. “It’s amazing that Jennifer hasn’t asked where the money has gone!” But it’s even more remarkable that he’s managed to dodge the paparazzi.

“He goes there at odd hours and is always careful to be alone,”

explains the insider. “If he so much as suspects a photographer is following him, he’ll either pose for a picture, hoping they leave him alone, or does a quick 180 and switches directions.”

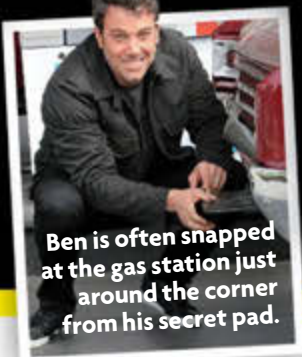

But now that the cat

is out of the bag, Ben’s already tense relationship with Jennifer may well boil over. “They’re pretending this split is amicable, but it’s going to turn nasty very quickly,” says a family source, adding that Ben has stopped fighting for his marriage. “He’s already living like a bachelor and has gone back to his old bad habits, drinking and gambling. He’s been putting up a façade for months.”

The couple, parents of Violet, Seraphina and Samuel, are expected to announce their split any day. “It can’t come soon enough, especially for Jen,” says the insider. “Every week there seems to be something else Ben does, and this secret apartment could be the very last straw in any attempt for them to part on mildly good terms.” ★

Inside this unassuming L.A. apartment building lies Ben’s personal Batcave!

Ben is often snapped at the gas station just around the corner from his secret pad.

Halle Berry Trashes Her Walk of Fame Plaque

Over
It!

Celebrity garbage is pretty much like everyone else's...unless you're **Halle Berry**. A maintenance man doing work at Halle's house noticed that the Oscar-winning actress had tossed her Hollywood Walk of Fame plaque in the trash! While her mansion certainly has plenty of space for all her trophies, a friend close to Halle says she chucked the plaque after realizing that for just a \$30,000 check to the city's Chamber of Commerce, almost any celebrity can buy themselves space on the once prestigious Walk of Fame. "Halle feels the Walk of Fame has been cheapened, and she doesn't want to be associated with it anymore," her friend explains. "She is being a real diva about it and told her friends it is completely meaningless. Halle considers herself above awards like that." ★

Can you blame her? These other "celebrities" also have stars on the Walk of Fame...

DONALD FIGHTS BACK!

No one says, "You're fired" to The Donald! **Donald Trump** is fighting back at Univision after the Spanish-language network dropped his Miss America Pageant, which is set to air on July 12. Execs cited remarks by the billionaire businessman made about Mexican immigrants while announcing his run for President. But now Trump is suing Univision, citing their ironclad contract, and he released a blistering statement against the media. "My views have been consistent and totally clear but inaccurately reported. I have many successful business relationships with Mexican companies and employees, and am close friends with many Mexican people," said Trump. "The disappointment I expressed relates to our incompetent politicians and their failed trade and immigration policies. We are in serious trouble, economically and from a security perspective, and we need leaders who are intelligent, truthful and tough in order to negotiate deals with countries like Mexico, and many others, that will Make America Great Again." ★

Battle Of The Bunnies

Who knew bunnies had such sharp claws? Reality star **Kendra Wilkinson** is rabidly denouncing **Holly Madison**, after she trashed their former boyfriend, *Playboy* mogul **Hugh Hefner**, in her new book, *Down the Rabbit Hole*. "Hef has dated thousands of women. Most of them still love him," she says in response to Holly's claims that Hef is a "manipulator" who pitted his girlfriends against each other and once told her that she looked "old, hard and cheap." "Holly had this ulterior motive every minute she was at the mansion, and that motive was — it was clear as day — she wanted Hef's kids, she wanted a piece of *Playboy* and she wanted to marry Hef for, obviously, his will," says Kendra. "That didn't happen. So what do you think's going to happen? Revenge." But perhaps Hef's best defender is his son, Cooper, who recently tweeted, "How does a person who is famous for being a gold digger paint themselves as a victim of a relationship they aggressively sought out for?" Good question. ★

SUICIDE FEARS FOR LAMAR

With two friends dead from drugs in as many weeks, **Lamar Odom** is on the brink of a potentially lethal downward spiral. "Lamar hasn't been seen this low since **Khloé [Kardashian]** walked out on him," an insider tells *Star*. On June 14, Lamar's best buddy **Jamie Sangouthai** (inset, far right) succumbed to a flesh-eating bacterial infection brought on by chronic intravenous drug abuse, and just six days later his other pal **Bobby Heyward** (inset, second from left) died of what is believed to be an overdose of prescription pills.

Worryingly, Lamar didn't even attend Jamie's funeral, which had everyone concerned that the former NBA star had turned to drugs to numb the pain. "Word has it, Lamar flew to New York but missed the funeral because he might have gone on a drug binge," says the source. "He's depressed and completely overwhelmed with grief, and that's a dangerous combination. Khloé has been desperate to get in touch with him, but he's not answering her. He's dropped off the map." ★

True Detective star **Vince Vaughn** was a true jerk to a 13-year-old disabled fan who dared approach him at a Chicago Blackhawks playoff game. "Vince could see that the boy needed a walker and that it was a struggle just to get through the stands," a witness tells *Star*. "But when he asked for a photo, Vince said 'Not now, I'm concentrating on warm-ups.' The game hadn't even started! It was appalling." The boy, who suffers from Duchenne muscular dystrophy, left dejected, while the Blackhawks went on to win the Stanley Cup. "Vince is not the kind of fan Chicago needs," adds the source. "That poor kid deserved better!" ★

Move over, **Kim Kardashian**! Spurred on by her *Dancing with the Stars* success, **Rumer Willis** and sisters **Scout** and **Tallulah** are reportedly shopping around their own reality show. "They also want to launch their own clothing and beauty lines," reveals *Star*'s tipster. "They think they're just as fun and sexy as the Kardashians."

While mom **Demi Moore** has promised regular appearances, dad **Bruce Willis** is balking. "He's a serious Hollywood star and considers this a downgrade," adds the insider. "But he does like the idea that his kids could finally support themselves." Could reality TV be getting a new Bruce? ★

Hot LINER

Yep, you're seeing double! Palladio Beauty's new Fifty-Fifty Cat-Eye Liquid Liner + Smoky Kajal will be your newest must-have — just ask **Melissa Rycroft**, who is already a fan, according to reps. The creamy kajal crayon blends easily with its soft, shea-butter-based formula. For a more precise, winged-out flick, trace the tapered tip along your lash line to apply the waterproof, quick-drying liquid. Twice the makeup magic for the price of one? Hot SNEAKERS

Reebok Classic and Face Stockholm collaborated to create a collection of kicks in the cosmetic company's color palettes. *Revenge* actress **Ashley Madekwe**, who starred in the campaign images, posed at the launch of the limited-edition shoes, which come in 13 styles. The white classic leather pair (seen below), because "it's a timeless shoe, chic and versatile, and the touch of black is a nice twist. I love how they can be styled with pretty much any look." What beauty-full fashion! From \$70, reebok.com

WITH A LITTLE HELP FROM THEIR FRIENDS!

LeAnn & Eddie BROKE &

BORROWING!

The couple are relying on goodwill to keep a roof over their heads.

THESE two are living on borrowed dimes! According to insiders, **LeAnn Rimes** and **Eddie Cibrian** had to ask best friends **Dave** and **Lizzie Fradin** for \$350,000 in order to purchase the \$3 million Hidden Hills, Calif., mansion they now call home. "LeAnn and Eddie took out a \$2.1 million loan from the bank, but that's all they were qualified to borrow," spills the source. "They scraped together \$550,000 in cash, but the remaining down payment was provided by their pals."

While Dave and Lizzie were more than happy to offer the couple a helping hand, that could quickly change. "It's a

recipe for disaster," dishes the insider. "If LeAnn and Eddie fail to repay the loan, the Fradins could foreclose on their house!" And that's not the only thing keeping the cash-strapped pair up late at night. LeAnn, 32, was counting on her last album, *Spitfire*, to pay their bills, but it turned out to be a bust. "She was the hottest singer 20 years ago, but LeAnn didn't manage her money properly," says the source. "She burned through her \$20 million fortune." But what about LeAnn and Eddie's exotic vacations, luxury cars and expensive shopping sprees? "Most of the purchases were made with credit cards," reveals an insider.

California daydreaming!
The extravagant six-bedroom, nine-bath Spanish-style estate was way out of the couple's price range.

"Eddie thought he'd hit the jackpot by marrying a Grammy winner," says a close pal of the 42-year-old actor. "The idea that they'd be desperate enough to ask friends for money never even crossed his mind." Hey, for richer or for poorer, right? ★

She just put her son through college! Starting over just doesn’t sound appealing.” Or as Sofia herself put it, “I don’t want to be 50 with a baby!” ★

Tom. Losing His Religion

THE WORLD'S MOST CELEBRATED SCIENTOLOGIST MAY SOON DEFECT FROM THE CONTROVERSIAL CHURCH. AND HE'S DOING IT ALL OUT OF LOVE FOR HIS DAUGHTER.

AFTER more than 30 years as a Hollywood superstar, **Tom Cruise** is most famous for three things: his blockbuster movies, his romances with A-list actresses and his deep involvement with the church of Scientology. But according to insiders, he's recently realized that last claim to fame may have put the first two in jeopardy: His divorces — from **Mimi Rogers** in 1990, **Nicole Kidman** in 2001 and **Katie Holmes** in 2012 — were reportedly all related to his faith, and the public's negative perception of the controversial religion may have affected his films' earning power. What's worse, Scientology has weakened his relationship with his youngest daughter, Suri.

Now, sources say, Tom has finally had enough. In a shocking move, the world's most famous Scientologist may soon part ways with the cultlike religion. "The buzz in Tom's camp is that he's finally ready to say goodbye," a source says. "It's been a long time coming, and he doesn't think it will be easy, but he is absolutely determined to see this through and make a clean start."

MISSING HIS DAUGHTER

Tom, 52, apparently had been contemplating his exit ever since **Alex Gibney's** documentary *Going Clear: Scientology and the Prison of Belief* — which detailed alleged instances of abuse perpetrated by the church against its members — aired on HBO in March.

But Tom's real aha moment came during a recent phone call with Suri, 9. "She was going on and on about her ballet class and how much she loves it. That's when Tom realized he's never even seen her perform ballet, and he started to tear up," the insider reveals. "It hit him that she's growing up before his eyes and he's not there to witness most of it. They talk on the phone and video chat, but it's not the same."

His devotion to Scientology is a large part of the reason Tom went nearly two years without seeing Suri, with whom he reunited only recently. Katie left the *Mission: Impossible* star largely "to protect Suri from Scientology," and the child — who lives with her mother full-time — has no involvement in the church at all. "Tom has been under tremendous pressure where Suri and Katie are concerned, because the church doesn't want him close to them," the insider says, noting that Katie's sudden, dramatic divorce filing

from Tom created bad publicity for the religion.

"They can't stand that their own poster boy isn't raising his child in the church. If they label Suri a suppressive person [(a Scientology term for an enemy of the church)], as they've been known to do with dissenters, that would make it hard for Tom to have a relationship with her. He's between a rock and a hard place, but he is finally making a choice to put his daughter first."

Of course, it's not just Scientology that's keeping Tom and Suri apart. He's a noted workaholic, acting in or producing at least two films at any given moment. With his private jet and his unlimited funds, however, it would be easy for him to meet up with Suri for a short visit from time to time — but his flood of church obligations often prevents that from happening. "Tom has missed birthdays, school events — all the special parts of childhood that happen so fast and are gone before you know it," the source says. "Suri is not a baby anymore; she is fully aware that her father isn't around much. When she speaks to him on the phone, it's becoming more and more like she's talking to a stranger. ▶

Moving On

Scientology was reportedly responsible for all of Tom's divorces (including his third, from Katie, pictured below), but he won't let it destroy his relationship with Suri too. "He is going to make fatherhood a nonnegotiable," says a source. "Tom hopes this change could lead him to the best part of his life."

Tom hates that, and he isn't going to let Scientology ruin the most precious thing he has left in his world."

CAREER CONCERNS

The current backlash against Scientology — which has been mounting ever since Alex Gibney's film aired — has also contributed to Tom's desire to step away. "Tom takes his career very, very seriously; it's his whole life. He plans on working forever, but he knows he won't have that option if the public hates him," says the insider. "He used to really believe in Scientology and felt it was his duty to get more people involved. The upper echelons of the church were so good at keeping negative publicity down that he never felt his religion interfered with his job. But that hasn't been the case for a while now: The church has not been able to stop people from talking about what happens inside its walls, and Tom, as the religion's representative, has become associated with all the bad stuff people say is going on. It's a giant mess for him."

Consequently, Tom has tried to downplay his faith recently. Last year, he even skipped the church's anniversary

Family Feud?

Tom's two older children, Isabella and Connor, are still devoted Scientologists. "Even though it would break his heart, Tom is prepared for them to distance themselves from him as soon as he splits from the church," the insider says. "Of course, he's hoping they'll leave with him. He's hinted at the idea, but they won't acknowledge the possibility of giving up their faith."

gala — an event he usually attends, and often speaks at, each year. And he's been toning down his Scientology rhetoric in interviews ever since the 2005 *Today* show debacle, in which he debated **Matt Lauer** on the merits of psychiatry (which Tom called a "pseudoscience," as per church teachings) after criticizing **Brooke Shields** for using medication to treat her postpartum depression. "I have respect for what other people believe," he said, more recently, in a 2012 interview. "What I believe in my own life is that it's a search for how I can do things better, whether it's being a better man or a better father or finding ways for myself to improve." Perhaps that search, in striving to be "a better father," is what has led him away from Scientology.

THE BATTLE BEGINS

Of course, Scientology's leader — and Tom's closest "friend" — **David Miscavige** won't let the megastar go without a fight. The church is notorious for making it difficult

for members to leave. Oscar-winning director and former Scientologist **Paul Haggis**, who defected in 2009, alleges that those who have tried to quit the religion often endure physical and emotional abuse and are cut off completely from other members of the church — including relatives. That could be particularly painful for Tom, whose two older children, **Isabella**, 22, and **Connor**, 20, are devoted Scientologists who temporarily severed ties with their mother, Nicole, when she was branded a suppressive person by church leaders.

Tom knows what he's up against, though, and he is

Ties That Bind

Scientology leader David Miscavige will fight hard to keep the superstar in the fold. "But Tom is mad at Miscavige for hiding so much from him," says a source. "He won't let David sway him."

Daddy Duty

Tom and Suri haven't been photographed together in two years, and they rarely see each other in person.

"But a few weeks ago, Tom cleared his schedule for a short trip to see Suri," the source says. "They went to a secret location where they wouldn't be disturbed."

LEAH REMINI

The *King of Queens* actress was raised in the church, but she publicly defected in 2013. She later lamented how Scientology had caused her to miss many of her daughter's milestones. "I'm working most of the time, and then the other time was spent at the church, so minimal time is really spent with your family," she said.

JERRY SEINFELD

Before he became a superstar of stand-up, Jerry dabbled in the controversial religion by taking a few classes. "I learned some things about communication that really got my act going," he later said about his experience with Scientology. "They have a lot of very good technology. That's what really appealed to me about it."

LISA MARIE PRESLEY

Longtime Scientologist Lisa Marie quietly cut her ties to the church around 2010. She later cryptically referenced "a big, sinister situation, where there was...intel and covert ops going on...a whole effort to control me" in an interview, and called herself suppressive in one of her songs.

CHRISTOPHER REEVE

The late *Superman* star ended his flirtation with Scientology in 1975, after an auditor asked him to recall his past lives. Christopher lied and told her a story from Greek mythology. "The fact that I got away with a blatant fabrication completely devalued my faith in the process," he later said.

preparing for the inevitable showdown. "The buzz from Tom's camp is that he's been asking around about lawyers who can help him get everything in place for when he cuts ties with Scientology. He knows things are going to get ugly,"

the insider whispers. "He's also reached out to trusted friends outside the church to devise the safest escape plan. He is very well liked by most of the people he knows and has lots of friends willing to help him."

He's also been testing the waters. For years, Tom has gone everywhere with at least one handler from the church, and when he's not with them, he regularly calls them. "Recently though, Tom has taken a step back from checking in with Scientology officials for a few days," the source reveals. "Rumor has it they go searching for him."

As complicated and potentially dangerous as this break might be, Tom thinks it will all be worth it in the end if he gets to watch his youngest daughter grow up. "This has been a real revelation for Tom — it's like he's finally coming out of the darkness," the insider says. "He realizes nothing is more important than being with Suri and spending time with her, being involved in her life. Tom feels he has lost too much to Scientology, and he has no intention of losing his youngest child too." ★

Making Amends

According to the *Going Clear* documentary, Scientology leaders were fearful that Nicole would lead Tom away from the church — so they branded her a suppressive person, orchestrated the couple's divorce and turned Isabella and Connor against their mother. "When all the dust settles, Tom wants to apologize to Nicole for the role he played in that," the insider says. "He never understood how horrible it must have been for her to be estranged from her children. But now, because of what's happening with Suri, Tom is seeing Nicole's experience in a whole new light."

Terry

Daddy Dearest?

Jim Bob's sister, Deanna, with her husband, Terry, and their daughter, Amy. "There had been speculation as to whether Terry was really Amy's father," says an insider.

"Jim Bob and Michelle's carefully crafted family image seems to be falling apart in the wake of son Josh's sexual molestation scandal, and now Deanna and Terry's blowup, going public," says an insider.

The Duggars SHOCKING NEW SCAN

THE FAMILY'S STRAIGHT-ARROW REPUTATION TAKES ANOTHER HIT, AS *STAR* UNCOVERS A FRIGHTENING EPISODE OF HORRIFICALLY VIOLENT THREATS — AND A PATERNITY MYSTERY — BURIED DEEP IN THEIR PAST.

THE recent revelations concerning **Josh Duggar's** past sexual molestation of five young girls — including his sisters **Jill** and **Jessa** — destroyed the family's veneer of strict religious respectability, carefully built up by parents **Jim Bob** and **Michelle Duggar** since the celebrity clan made their TV debut on the 2004 special *14 Children and Pregnant Again!* Now an exclusive *Star* investigation has uncovered another skeleton in the Duggar closet that predates Josh's misconduct by a

decade — and involves terrifying threats of unimaginable violence.

In a 2009 episode of what was then *18 Kids and Counting*, Jim Bob's older sister, **Deanna Duggar**, 52, admitted that she and her husband, **Terry Jordan**, 53, had their daughter, aspiring country singer **Amy Duggar**, 28, out of wedlock. "Terry and I knew each other a long time ago, and I got pregnant with Amy. And so, we dated each other on and off for quite some time," Deanna revealed. "Then we finally decided, 'You know what, we need to get married!' So we got married [in 2006],

and we've been together three years."

Left unsaid, as *Star* has discovered, is that Deanna suffered through multiple horrifying confrontations with Terry long before they were wed.

DELIVERY ROOM DRAMA

On July 24, 1992, according to Washington County (Ark.) Chancery Court documents obtained by *Star*, Deanna asked for an order of protection against then boyfriend Terry, alleging he had threatened her two days earlier at work.

"He said he was going to kick my ass

A FAMILY NIGHTMARE

NDAL

In October 1986, the Duggars — (clockwise from top left) Michelle, Jim Bob, Deanna, mom Mary and dad Jimmy Lee (who passed away in 2009) — posed for a family portrait to celebrate the birth of Deanna's daughter, Amy, the previous month. Missing from the photo: Deanna's boyfriend, Terry Jordan, the father of little Amy. *Star* has uncovered shocking court documents (below) from Washington County, Ark., that may explain Terry's absence at the time. In a request for an order of protection, Deanna claimed that Terry told her he "should kill you and the baby" shortly after Amy's birth. Deanna also claimed that Terry had "[no] paternal [rights]."

PETITION FOR ORDER OF PROTECTION

[I am filing on behalf of a family or household member who is [a minor]: Amy Duggar

I should kill you and the baby

if I didn't allow him to see Amy," Deanna claimed. Her petition included another, far more disturbing allegation: Deanna wrote that, on Sept. 30, 1986 — the day their daughter was born — "I had just delivered Amy. Terry came into the hospital room and [said] I should kill you and the baby." Finding that "the Victims are in immediate and present danger of domestic abuse," the court agreed that same day to a temporary order of protection for Deanna and Amy — but two days later, the court dismissed the order at Deanna's request.

"I've never heard any of the Duggars talk about this frightening episode," a family insider tells *Star*. "It appears Deanna and Terry may have talked things out after she went to court, but the thought

that someone would be driven to such rage that they would have supposedly threatened the lives of their own newborn child and girlfriend — in the hospital, no less! — is beyond human comprehension."

WHO'S YOUR DADDY?

There may be a clue in Deanna's court filing as to the reason behind Terry's alleged explosion of anger: After describing their confrontation at work over his frustration at not being able to see then 5-year-old Amy, Deanna claimed that Terry "has [no] paternal [rights]."

The family friend adds, "There's been some public speculation as to whether or not Terry is really Amy's biological father. And his alleged ravings in the hospital

could certainly be construed as someone driven to blind rage and humiliation over the thought that the baby wasn't his. It's also noteworthy that Deanna listed Amy's last name as Duggar — not Jordan — in the court papers."

In an eye-opening Instagram post last January, Amy — who has consistently referred to Terry as her father publicly — wrote: "I'm extremely grateful to my mom for choosing to give me life. I'm sure she was scared, young, ridiculed and felt ashamed."

"The real story may never get told," the friend adds. "Deanna and Terry have obviously made peace with their past, and the Duggars seem to have closed ranks on that dark chapter in their family history."

POP superstar **Mariah Carey** has long had a colorful (some would say flaky) reputation — and now she may be taking her wackiness to a new level. Barely two weeks into her romance with **James Packer**, twice-married Mimi, 46, reportedly is already considering tying the knot with the Australian media and casino tycoon, 47, whose nearly \$5 billion fortune makes him the third wealthiest man Down Under. “Mariah’s friends think she’s lost her mind,” a source tells *Star*. “She’s not even divorced yet from her last husband, **Nick [Cannon]**!”

Mariah recently brought Monroe and Moroccan, her 4-year-old twins with Nick, on vacation with James, who has three children of his own from his second marriage: daughter Indigo, 6, son Jackson, 5, and daughter Emmanuelle, 2. “Mariah already has her two kids calling him Uncle James,” says the source. “It’s all kind of weird...and happening so fast that her closest pals are trying to talk some sense into her and slow her down.” James’ ties to Scientology through his friendship with **Tom Cruise** also have her friends on edge (see sidebar). The former teen star is now a sexy global brand worth a staggering \$160 million! "Miley's image is wild and obscene, but she's a great businesswoman," says a source. Miley has shrewdly partnered with several companies — including Eos lip balm and Beats by Dre headphones — for product placement in her videos and has made millions with her sold-out Bangerz tour. What to do with all that cash? She splurged on a \$161,000 Range Rover just so her dogs can travel in style!

Kim Kardashian, 34

The drop-dead-gorgeous Kim is the famous-for-being-famous engine behind the whole Kardashian operation. The reality star, whose career began with a sex tape, is now an international sensation who doesn't leave the house without someone paying her to wear, spray or tweet something — making it easy to see why she has \$65 million in the bank. But that doesn't mean she's great with money. For Christmas, she splurged on a \$54,000 doll house for daughter North!

She's the world's highest-paid supermodel, earning up to \$128,000 daily and worth an estimated \$427 million. Gisele, who recently retired from runway work — because she can — owes her fortune to her good looks and impeccable business mind, with lucrative endorsement deals from the likes of H&M, Chanel and Carolina Herrera. But all the fame and fortune doesn't faze the Brazilian bombshell, who says: "Whether I'm on this list or not doesn't interest me." OK, then.

Paris Hilton, 34

The world's most famous heiress was already worth millions, but the blonde beauty has parlayed her fame into an empire complete with 44 Paris Hilton stores worldwide that carry her products, including 16 perfumes and a handbag line. She's also one of the highest-paid DJs in the world, recently scoring a whopping \$3.7 million for just four nights spinning in Ibiza, Spain. As she defiantly said, "I'm capable of doing everything put to me. I'm living proof blondes are not stupid!"

Their sealed agreement is not believed to include any alimony.

Rihanna, 27

The Barbadian beauty's \$140 million net worth is due to roughly \$48 million per year from a lucrative deal with rapper **Jay Z**'s Roc Nation that she's had since 2004. Add many top-shelf endorsement deals, and it's a recipe for *mucho dinero*. As a source explains, "If Rihanna's face is on a product, people are going to buy it." To wit, in March Rihanna was the first woman of color to be named the face of Dior, adding to her endorsements with Puma and MAC Cosmetics. The singer owns multiple million-dollar properties, including a 10,000-square-foot, \$22 million estate in Barbados known as One Sandy Lane. Just 10 years after its launch, it rakes in \$1 billion annually, and now that Jessica has sold a 50 percent stake, the line is expanding to include home goods and a baby collection. "My business is the heart of who I am," says Jessica. "I have been every size on the planet, and I understand women. And I just know how to dress them. I understand Middle America and their mind-set."

Katy Perry, 30

The sexy pop superstar has made \$130 million with revenue from a string of top 10 hits, bringing in \$50 million per year from her music — not to mention merchandise, concerts and endorsements — including CoverGirl Cosmetics. More recently, the buxom beauty performed during halftime at the Super Bowl and made it clear that the NFL paid her well. "I put my foot down very early in the courtship," she said. Taylor Swift, 25

The pop singer-songwriter sensation has parlayed bad breakups into a net worth of \$200 million as one of the best-selling music artists of all time. The blonde knockout made \$55 million in 2013 just from her RED tour and added endorsement deals with CoverGirl, Sony, Papa John's and Keds. She has her own 12-seat private jet worth \$40 million and extensive real estate holdings, including a \$3.97 million house in Beverly Hills, a \$2.5 million Nashville estate, a \$17.75 million Rhode Island property and a Tribeca penthouse worth \$15 million, along with a \$5 million penthouse across the hall for her security team.

Beyoncé, 33

The royally beautiful Queen Bey is a singer, songwriter, actress, entrepreneur and model — and the hard work has earned her \$450 million! She has 11 fragrances, a \$50 million endorsement deal with Pepsi, and gigs with American Express and L'Oréal. Her Mrs. Carter world tour raked in close to \$2.4 million per show, and she was ranked the most powerful celebrity in showbiz in 2014 after making an eye-popping \$115 million. And she's not cheap — she even plunked down \$100,000 for a pair of gold Balenciaga leggings in 2007. At least her husband, Jay Z, also makes a decent living!

Jennifer Lopez, 45

Jenny From The Block may be the most varied businesswoman there is, amassing a \$315 million fortune from acting, music, her clothing line, 18 fragrances, Cuban restaurant Madre's and her production company, Nuyorican Productions. The lovely Latina has also made up to \$20 million per year as a judge on *American Idol* and has endorsement deals with L'Oréal, Venus, Fiat, Gucci, Louis Vuitton, Pepsi, Harman Kardon and BodyLab.

Tamara, 30, and Petra Ecclestone, 26

The stunning daughters of Formula One Racing's **Bernie Ecclestone**, worth \$3.9 billion, have made quite the impression since moving to L.A. from London. Blonde beauty Petra spent \$18 million on her 2011 wedding after shelling out \$85 million to buy Aaron Spelling's megamansion in Beverly Hills. Her ravishing brunette sister Tamara, who was a reality star in England and posed nude for *Playboy*, once bought a million-dollar crystal bathtub. She justified the purchase by saying, "I spend a lot of time in the bath, so it's worth it."

Jessica Alba, 34

In 2012, the gorgeous mother of two cofounded The Honest Company to create safer household products for young children, with the goal of establishing "a trustworthy lifestyle brand...that was nontoxic and affordable and convenient to get." After a little more than two years, Jessica doesn't even need to act anymore, as the private company is now valued at a whopping \$1 billion and set to go public! ★

Behind The Scene

Chris and Kylie stroll in London. "A midnight walk was something Jen and Chris did when they started dating, and it's tearing her up that he's doing it with someone else," says a source.

Jen Distraught: **CHRIS CAUGHT ROMANCING KYLIE!**

AFTER A LONDON CONCERT, CHRIS MARTIN STEPS OUT ON JENNIFER LAWRENCE AS HE STROLLS WITH SEXY, SINGLE SONGBIRD KYLIE MINOGUE.

It was a typical backstage glamfest after **Kylie Minogue's** gig in London's Hyde Park on June 21. But the sexy Australian pop star had something more intimate in mind, so she shucked her risqué costume for an incognito ensemble of jeans and an oversize hoodie and left the venue with another member of rock's royalty: Coldplay's **Chris Martin**. The longtime friends and occasional collaborators were later spotted at around 1:30 a.m., arm in arm on a moonlit stroll through the empty London streets, before disappearing into the darkness of St. James's Park. They seemed the perfect couple — except for the fact that Chris has been dating **Jennifer Lawrence** for the last year.

Hours later, when pictures of Chris, 38, and Kylie, 47, were shown to JLaw in Montreal, where she's making the next *X-Men* movie, the Oscar winner became clearly upset. "She's freaking out," a source on the set tells *Star*. "Jennifer knew about their friendship, but these photos have her confused about where she stands."

Could Chris be throwing Jen over for Kylie? He was, after all, linked with other women during his marriage to **Gwyneth Paltrow**, including model **Helena Christensen** and actress **Kate Bosworth**. Now it's Kylie, a fellow musician who may be stealing his heart.

THE SPACE BETWEEN THEM

Chris and Jennifer first hooked up following one of his concerts last summer. They are rarely seen out together, have seemed totally into each other as they jetted off for secret getaways or snuck drinks at Los Angeles' Chateau Marmont, where they were seen together on May 31. "Jennifer would love for her and Chris to spend more time together," says a pal of the actress. "Yet she's not willing to slow down her career for it." After wrapping the biopic *Joy*, Jennifer, 24, had very little downtime before starting the latest *X-Men* installment. She knows too well the toll long-term separation can take on a relationship; it was a major factor in her

GWYNETH'S BREAKUP!

It hasn't been a good week for Chris Martin's women! After a year-long romance, Gwyneth Paltrow has been dumped by TV producer **Brad Falchuk**. "He had enough of her telling him what to do, say and eat," says a source close to the couple. "He couldn't suggest a restaurant without her criticizing his choices." The pair — who were both married when they met when Gwyneth guest-starred on Brad's show *Glee* — have also been under pressure from Gwyneth's dissatisfaction over the fact that Brad's divorce has proceeded at a snail's pace. The source says that Gwyneth was anything but happy with the way Brad consciously uncoupled with her: "He broke up with her via text! He knew it was wrong, but he just couldn't face the lecture he knew he'd get."

Newly single, Gwyneth's ex was seen out with a mystery brunette on June 22.

breakup with **Nicholas Hoult**.

And Chris doesn't like to be alone — a situation Jennifer feels powerless over. "These photos are worrying Jen," says the source. "Here she is, hard at work, while her boyfriend is halfway around the world loving it up with another woman."

MAKING BACKSTAGE PASSES?

Chris and Kylie's reps say they're only friends, but the pair appeared more than friendly prior to their late-night promenade. "Backstage at Hyde Park, Chris kept telling Kylie how gorgeous she looked," says a witness. "She pretty much ignored everyone but him. They've always denied anything between them, but their actions tell a different story."

There's also a touch of kismet to Chris and Kylie, now that her five-year relationship with Spanish model **Andrés Velencoso** is over and Chris' divorce

is final. "He's had a crush on her since he was a teenager, but things had been purely platonic because they had to be," another insider says. "This is the first time they've both been single."

Plus, Chris may feel he has a license to cozy up to Kylie since, ironically, Jennifer is once again shooting with Nick! "They're having lunch together every day, and are falling into old patterns," says the on-set source. And the insider in Chris' camp reveals, "He'd never admit he was jealous, but he's not a fan of the situation. In his mind, it's a bit of, 'Well, if she's with him all day, there's nothing wrong with me doing what I want.'"

Although Nick may be looking for another shot at Jen, so far they've had no moonlight strolls. "It's more than just humiliating for Jennifer," says a source close to the actress.

"She can see what's going on in the photos, but she has no idea what else is happening behind closed doors, or in that dark park." ★

Not-So-Ex Man?

Nicholas Hoult has reunited with Jennifer Lawrence, his on-and-off girlfriend before she started dating Chris Martin, to film *X-Men: Apocalypse*. "They're getting close again," says a source.

MUSCLE *Up!*

SLIM, STRONG AND SEXY The fast and efficient way to burn fat and build lean muscle is resistance training. I know we have all said, at one point in time, "I don't want to lift weights, because it'll make me bulky." It's time to let go of the myth because resistance training is such a powerful fat-burning tool. Fat-burning hormones are stimulated during resistance training and keep metabolism burning efficiently well after the workout is over. Incorporate this routine three times per week to look strong, slim and sexy for summer!

NUTRITION TIP POSTWORKOUT FUEL TO SLIM DOWN

During exercise, your body accesses the stored fuel known as glycogen to meet the demand. Right after the workout, your muscles are depleted of their energy stores and broken down. A postworkout shake (Slimfast is a great choice) or meal will help rebuild your muscle and replenish energy stores. It's very important to rebuild the muscles that were broken down during exercise in order to keep your metabolism high and burn fat.

Q&A

Channing Tatum

The sexy star of *Magic Mike XXL* recreates his days as a dirty dancer in the funny new film.

THE boys are back — and barely dressed — in the sequel to the darkly comic movie about party-loving male strippers. In *Magic Mike XXL* **Channing Tatum** once again dons his g-string, reliving his real-life adventures as a lap dancer along with hunks including **Joe Manganiello** and **Matt Bomer** as they go to a stripping convention in Myrtle Beach. Channing, 35, spoke about the new movie and life as a new dad to daughter Everly, 2, with wife **Jenna Dewan**.

Did you always want to make a sequel?

After the success of the first film, we all knew that we would probably do another one. It's obviously close to my heart, because I lived that life and so much of the story is drawn from my own experiences. I wanted to explore different aspects of the characters and give audiences a real good time.

How is this one different?

We get to know the guys better. It's more of a buddy movie and a lot lighter in tone than the first one. There's more humor.

Do stripper conventions like the one in the movie exist?

It's not really a convention with lawyers or doctors attending panels. Strippers aren't holding

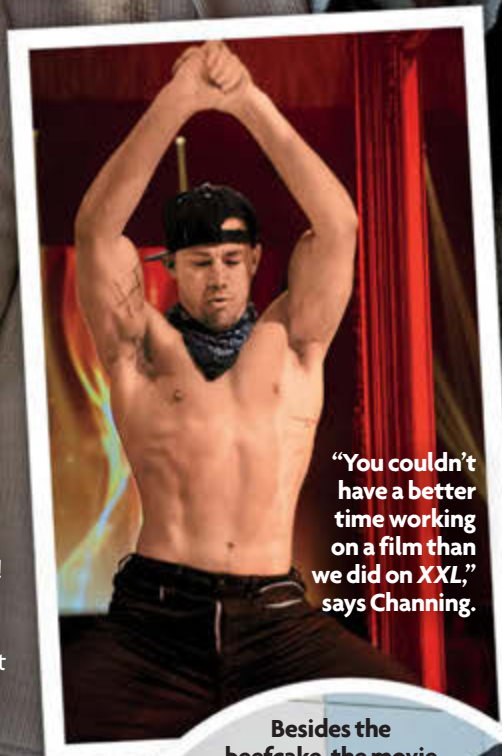

panels. It's more of a big show where you have 50 to 100 strippers appearing in one arena with a few thousand women screaming at you. I remember being there and getting attacked! You'd be giving a woman a lap dance, and suddenly she will grab your butt. It's completely crazy!

Are you enjoying fatherhood?

It's the most beautiful adventure I've ever taken. It's made me look at my life in a completely different way. When I say my daughter is the light of my life, it's not a cliché! It's real. My wife and daughter are my heart and soul, and I want to give them the happiest life I possibly can. I get the biggest kick just watching her face and seeing her beautiful smile. It's just pure joy.

Is it difficult to balance family time with work?

It's tough. I've always been very ambitious, and it's easy to just focus on a film and let everything else slide by. But I can't do that anymore. I intend to become an even better man and better husband and father as time goes on. ★

"You couldn't have a better time working on a film than we did on *XXL*," says Channing.

Besides the beefcake, the movie features powerful female characters played by Elizabeth Banks, Andie MacDowell and Jada Pinkett Smith.

→ BATKID BEGINS

This delightful and moving documentary tells the story of young Miles Scott, a 5-year-old leukemia patient whose dream is to be Batman for a day. The Make-A-Wish Foundation started to put together an event for him in San Francisco, hoping for 200 people to come and cheer him on. But when it went viral and seemingly swept the world in 2013, they shut down San Francisco for a day to turn it into Gotham City. The film gets both the hugeness of the undertaking — 40,000 people turned up to shout encouragement or volunteer help — and the kid's-eye view. Director **Dana Nachman** captures the strength of Miles' parents, farmers from a small Oregon town, as they recount Miles' battle with cancer. Miles himself has a smile that will melt your heart and a hilarious fearlessness when he dons his cape and cowl to chase the Riddler and the Penguin. It's not a film about a sick child: It's a testament to the astonishing kindness of a world full of strangers and an entire city enjoying a day of childlike wonder.

LONG STORY SHORT: It's the must-see movie of the summer.

MOVIES

→ AMY

When singer Amy Winehouse died of alcohol poisoning in 2011 at age 27, the world lost a truly remarkable chanteuse, as well as an incredibly troubled young woman. Her death seemed to be the logical conclusion of a life that had been spiraling out of control in public almost since the release of her breakthrough 2006 album, *Back to Black*. In this documentary, director **Asif Kapadia** uses previously unseen home and in-studio video of a young Amy to show that she was a thoughtful, talented, funny and innovative singer and songwriter before she became addicted to crack cocaine and heroin. Yet even in the earlier years, she had trouble with bulimia and alcoholism — and was surrounded by parasites who wanted only to exploit her. The first hour of the film, which deals with her clear-eyed early years, is a heartbreaking look at what might have been. The last half, however, is like an extended and ugly version of *Behind the Music*, an unfortunately familiar story.

LONG STORY SHORT:

A disturbing look at a talented yet lost woman.

★★★★★

→ A LITTLE CHAOS

Set in the late 1600s in the court of King Louis XIV (**Alan Rickman**) of France, this drama stars **Kate Winslet** and **Matthias Schoenarts** as a pair of landscape artists working together on Louis' elaborate gardens at Versailles. At the time, women weren't really allowed to do what was considered men's work or even express themselves creatively. But this bold, intelligent woman struggles valiantly to do just that, winning the admiration and respect of the king. Winslet and Schoenarts do have a certain chemistry, and Rickman, who also directed, and **Stanley Tucci**, as the king's catty brother, earn several surprising laughs with their droll timing. But the slow-moving story feels clichéd and predictable, which translates into a very plodding viewing experience.

LONG STORY SHORT: Chaos implies energy, but there's not much of that here.

→ DATING NAKED: PLAYING FOR KEEPS

Premieres Wednesday, July 22, at 9PM on VH1

The second season of the dating show where blind dates take place totally in the buff adds a new angle. This time, sexy single twentysomethings **Chris** and **Kerri** spend the full 10 weeks in a tropical paradise in the Philippines. Each episode, they go on two naked dates with new people and then eliminate one, with the top pick staying on as long as Kerri and Chris choose until there's a final winner for each. It's an interesting setup for a dating show and one that makes the naked aspect of it less of a gimmick and more of a fun and sexy backdrop as the couples go snorkeling and pottery making in the nude. Adding an interesting wrinkle is that genuinely likable Kerri and Chris seem to have eyes only for each other. ★★★★★

→ DATES

Premieres Thursday, July 9, at 9PM on The CW

Here's a new sitcom with a twist: Each week focuses on a different couple, meeting for a first date. Every episode is like a one-act play, in which we are introduced to the characters, who are meeting and trying to get to know each other. They all blend elements of comedy and drama, sort of like real first dates: How much do you reveal about yourself? How much do you withhold? How deeply do you probe to make sure you're not having dinner with a weirdo? Each of the characters, played by mostly unknown British actors, has issues — such as the woman whose secret is that she's a kleptomaniac or the guy who reveals that his last relationship ended because his fiancée died. The writing is sharp, the wit stings and the romance at least seems real. ★★★★★

BEVERLY HILLS COSMETIC SURGEON REVEALS HOW CELEBRITIES LOOK YOUNGER WITHOUT SURGERY

When celebrity patients come to Dr. John Layke to look younger, they're usually shocked by what he tells them:

"The secret to looking younger isn't fighting age... it's fighting gravity."

Dr. John Layke
Cosmetic Surgeon

Believe it or not, the wrinkles in your face only account for about 18% of the total surface area of what people see when they look at you... but your neck takes up over half — a whopping 54%!

According to the American Society of Dermatologic Surgery, "Sagging of the lower face and thin, wrinkled skin on the neck are two of the most dramatic signs of age and aging skin."

That's why Dr. Layke, of the Beverly Hills Plastic Surgery Group, has developed a breakthrough solution that utilizes the latest advancements in skincare technology to combat sagging skin.

And over the past year, women from around the country have been contacting his office in Beverly Hills to take advantage of this look-younger solution. "There's absolutely no surgery required," says Dr. Layke. "Some of my patients even call it cheating!"

How does it work?

The secret lies in a newly developed peptide called **Idealift™**. You see, the two biggest culprits of sagging skin are age and gravity.

That's because these two things directly affect your **collagen** and **elastin**, which are the two primary structural proteins in your skin, and are responsible for making it appear smooth, firm and youthful.

But Idealift™ stimulates the synthesis of **5 additional**

molecules besides collagen and elastin that are essential to your skin's architectural framework — 5 molecules overlooked by most skincare products.

In one study, 26 women between the ages of 54-75 used Idealift™ twice a day for two months. At the end of the study, 68% of the women reported having less sagging skin, and 81% said their skin was noticeably firmer.

"I see a huge difference in my face and the lines, I love the cream, it really firms under my eyes also. My neighbors say I am looking good lately, this cream really firms you and lifts the skin, I love it." — Angelica (59)

Because of these significant results, Idealift™ is the primary ingredient in Dr. Layke's brand new skincare formula: **Beverly Hills MD Lift + Firm Sculpting Cream**.

Best of all, Beverly Hills MD offers an industry-best **60-day full money-back guarantee**.

So you can try it risk-free today!

RINGO STARR
Turns 75 on July 7

By Jennifer Angel

CANCER JUNE 21–JULY 22

Love, romance and passion can be intense now — so much so that when Cupid taps on your heart, you'll have to take notice. But get the ground rules set; you don't want to end up in a battle for control.

LEO

JULY 23–AUG. 22

Your intuition is heightened now, and whatever decisions you face need to be evaluated both analytically and intuitively for the best outcome. With a financial matter, don't assume anything — make sure you are aware of all the details.

VIRGO

AUG. 23–SEPT. 22

An introduction can provide you with a powerful and magnetic connection with someone special. Remember, everyone is on their best behavior at first meetings; be careful to see the real person and not get infatuated before you seal the deal.

LIBRA

SEPT. 23–OCT. 22

The key to success is to be organized so you can make quick decisions. Be careful not to get caught up in a situation at home that keeps going around in circles. Break free of the drama and let someone else take care of it for a change.

SCORPIO

OCT. 23–NOV. 21

You are in a lucky phase at work, and the people you meet now can help you move up a notch. If you have a chance to step into the limelight, do it. When you experience a true meeting of hearts, you will know it in your soul.

SAGITTARIUS

NOV. 22–DEC. 21

A financial breakthrough can happen now, but remember that life is a chess game — be strategic, not impulsive. If family and money are combined, get the facts before you do or say anything.

CAPRICORN

DEC. 22–JAN. 19

Work is always at the front of your mind, but love and relationships demand your attention. Don't step in and take control, though; allow yourself to be pursued.

AQUARIUS

JAN. 20–FEB. 18

Your day-to-day schedule is likely to be busier than usual, so expect to have more to do than time to do it in. Get organized so no one misses out and nothing falls through the cracks.

PISCES

FEB. 19–MARCH 20

This is a romantic and passionate moment; it is also an extremely busy and beneficial time. Be prepared to juggle your attention between love and work.

ARIES

MARCH 21–APRIL 19

Your home and work life can intertwine in such a way that when you get news of a development in one area, it will affect the other. If in doubt of what your next move is, tune into your instincts.

TAURUS

APRIL 20–MAY 20

The way you communicate can make or break a situation. Trust in a friend if you need advice. News of home and family can come through now.

GEMINI

MAY 21–JUNE 20

A creative project at work may get the go-ahead — be prepared to move quickly. A heart-to-heart chat with someone close can help clear the air.

ROYAL INSPIRATIONS

TOPAZ NECKLACE

"I always want my jewelry to make a statement of refined fashion through unique yet elegant details. So, I sought out to design a piece worthy of the always impeccably dressed, Duchess Kate Middleton."
—Alfred Durante

BY INTERNATIONALLY
KNOWN DESIGNER
ALFRED DURANTE

One of Alfred Durante's original sketches for this exclusive design inspired by Duchess Kate.

GIVE YOUR STYLE THE ROYAL TREATMENT

Acclaimed designer, Alfred Durante began his career at Cartier creating jewelry for some of the most fashionable women in the world. Today, he's designing for women everywhere. Alfred Durante's latest piece takes on fashion royalty with a gorgeous necklace inspired by the classic elegance of Kate Middleton. From head to toe, Kate exudes sophistication, and Mr. Durante wanted to design something that would fit into her wardrobe. The "Royal Inspirations" Topaz Necklace achieves this look in a jewelry piece just for you. And it's exclusively from The Bradford Exchange.

The necklace is exquisitely hand-crafted of solid sterling silver in a custom three-ring design reminiscent of jewelry seen worn by Kate Middleton. Three intertwining circles in solid sterling silver, 18K gold plating and rose gold plating add shimmering, unique detail. Two individual bars set with genuine white topaz gently grasp the ring, and

suspend from an 18" solid sterling silver chain. It is the perfect piece to add a touch of sophistication to your casual looks as well as being elegant enough for an evening out.

A DESIGNER PIECE WITHOUT THE DESIGNER PRICE

This exclusive necklace designed for The Bradford Exchange by Alfred Durante is remarkably priced at just \$119*, payable in 4 easy installments of \$29.75 each and backed by our 120-day money-back guarantee. It arrives in a velvet jewelry pouch and custom box along with a Certificate of Authenticity. To order, send no money now. Just return the Reservation Application. You won't find this designer jewelry piece anywhere else—so don't be disappointed, order today!

Bruce picked up two adjoining properties and combined them into a massive compound, which includes a main house, another historic home and two guesthouses.

Bruce's \$12 MILLION COUNTRY ESTATE

Peek inside the climate-controlled 1,500-bottle wine cellar.

Bruce's new digs rest on a whopping 22 acres of land.

The bedrooms have stunning 180-degree views of the Croton Reservoir.

Lady Gaga

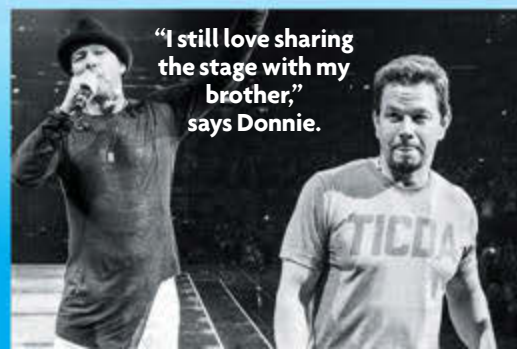

LETS IT ALL HANG OUT

Lady Gaga can do what she wants with her body — like go topless for a late-night run to New York City's Famous Amadeus Pizza! On June 23, Mother Monster left her bra in her town car and flashed photographers as she tried to avoid their flashing lights. Talk about going tit for tat!

MARKY MARK BACK ON THE BLOCK

Good vibrations, indeed! Before **Mark Wahlberg** founded the Funky Bunch, Marky Mark was an early member of the New Kids on the Block, along with his brother **Donnie Wahlberg**, **Jonathan Knight**, **Jordan Knight** and **Danny Wood**. And Mark delighted fans at New York City's Madison Square Garden on June 22 when he joined NKOTB on stage. "It was a trip down memory lane," says Mark.

"I still love sharing the stage with my brother," says Donnie.

KIM & KANYE'S

HEIR TO THE THRONE

Kids these days grow up so fast! While **Kim Kardashian** isn't due to give birth to her second child until December, forensic artist Joe Mullins composed a portrait predicting what the reality star and rapper **Kanye West's** son will look

like, using the latest in computer technology. And voila! After studying photos of the most talked-about couple in the world, it appears as though the mock-up of North West's little brother inherited his father's nose and chubby cheeks along with Mom's large, almond eyes. But on to more important matters: What are the chances this baby's first word will be "selfie"? ★

COURTNEY AMBUSHED IN PARIS

If you thought cabs in your town were bad, talk to **Courtney Love**. After she grabbed an Uber car at Charles de Gaulle airport in Paris, her vehicle came under attack by taxi drivers protesting against the rideshare app. "They've ambushed

our car and are holding our driver hostage," tweeted the former Hole frontwoman, "The car is destroyed. All [the] tires slashed and beat with bats. I'm scared out of my wits." Luckily, the singer was able to escape the chaotic scene after paying local motorcyclists for a lift. Whew! ★

Star WEEKLY AWARDS

We round up the week's best, worst and downright strange

* Sweetest Revenge

While touring in Norway, One Direction member Harry Styles learned that the guy who stole his high school girlfriend was actually in the audience! "If he's still here at the end of the show, feel free [to give] him little kicks, little digs on the way out," encouraged the heartthrob, who was quick to point out his former classmate to the thousands of girls in attendance.

BOSOM BUDDIES!

* FUNNIEST STUNT DOUBLE

Beauty and the beard! There was no confusing the ridiculously good-looking Penélope Cruz with her bearded, mullet-sporting male stunt double on the Italian set of *Zoolander 2*.

INSTAGRAM

* Most Uncomfortable Run-In

Breaking up is hard to do — just ask Cody Simpson. The singer was seated right next to his catwalker ex, Gigi Hadid, on a flight from Canada. Luckily, Cody was able to capture the moment on Snapchat so we could all cringe along with him.

* BIGGEST REGRET

Naomi Campbell's PR agency admitted to removing any mention of her past relationship with Mike Tyson, as well as a reference to her assault convictions, from Wikipedia. But really, who could ever forget?

BOW DOWN!

* Richest Romance

According to *Forbes*, Taylor Swift and DJ Calvin Harris are the world's highest-paid celebrity couple of 2015 after raking in \$146 million over the past year. The dapper duo stole the crown from Beyoncé and Jay Z, whose combined annual income of \$110.5 million earned them the second spot. Better watch the throne, you two!
